Tennis Tournament!

On Wednesday 25th May 2022, Year 4 pupils went to a tennis tournament. We started practicing with one another, and then when the horn rang we played against other schools. It was two v two on a clay court, and then we moved to the hard court where the nets were higher so it was a bit more difficult. Afterwards, we played a fun game where we all played against Coach Michael and Miss Vaqaas. It was the best day!

By Year 4

Article 14:

Every child has the right to think and believe what they want and to practise their religion, as long as they are not stopping other people from enjoying their rights.

Right of the Term!

Year 3 voted for this half term's article!

We voted for this right because religion is very important and it is good to practice your religion and learn about others.

By Ruby Class

Review of my Home Reading Book

Name: A Series of Unfortunate Events

Author: Lemony Snicket

What did you like about the book?

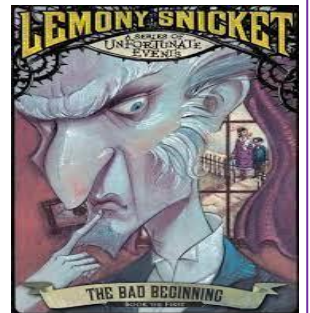

I liked the part when Count Olaf let the 3 children come to the library to find a cookbook so they can make something to eat.

How would you rate this book?

Would you give this book to another person?

Yes because it is a really nice book and it is really interesting to read. I would recommend the book for children aged 9/10 and adults aged 21/22.

Local Deputy Head Interviewed at School!

Our own Mrs Chana tells us all about her!

What inspired you to be a teacher?

I was inspired by my mum because my mum was a teacher.

How did you become deputy head?

I worked hard and taught different year groups.

What do you do in your free time?

Bake cakes and spend time with family.

What is your favourite subject?

My favourite subject is English.

If you could change one thing in school, what would it be and why?

Nothing as the school is the best!

Reported by Khushreet and Ria

Local Teacher Interviewed at School!

Here is and look into Miss Munden and her favourite things!

How early do you wake up?

I wake up at 6:00am!

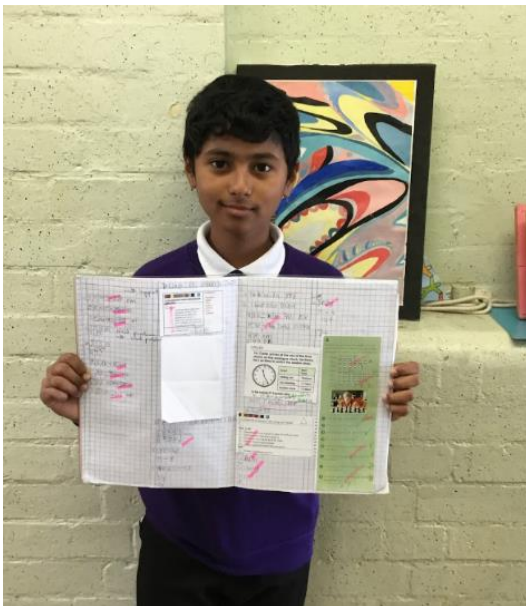

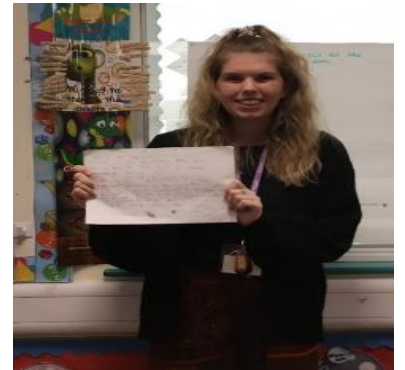

Is it hard being a teacher?

It can be challenging sometimes.

What is the first thing you do when you arrive at school?

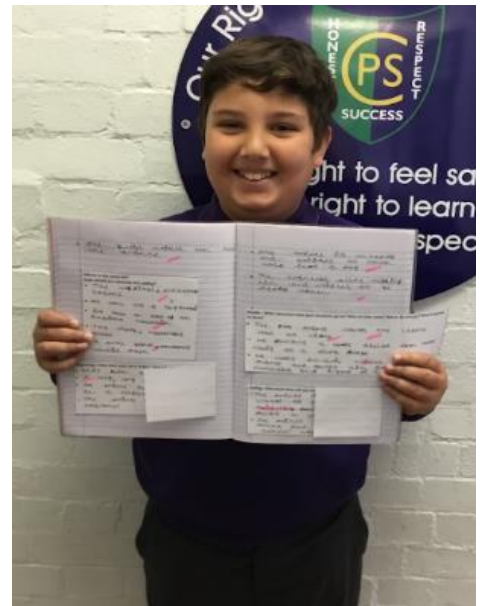

I get my classroom ready for the day and open all the lessons.

Reported by Avni

This is my favourite piece of work from class this term because I love maths and I had to add the pictures together to find the answer.

By Ali

I chose this piece of work because I completed it independently and I came up with my very own plot twist.

By David

nce upon a time...

The Three Little Pigs and the Lion

Then Bob, Stella, George and Sarah lived happily ever after ... or so they thought!

When a destructive, rude wolf showed up at their door trying to eat them! "Run!" Screamed Sarah the lion. They all ran upstairs and hid in the closet. Meanwhile, the wolf went upstairs to eat them, but then stopped when he remembered that he was ... VEGETARIAN!

The wolf was upset and ran away. The three little pigs and the lion finally lived happily ever after.

OR DID THEY?!

The End

By Laila K

Khushreet adial Cinderella's magic party
Topic: year 4

Once upon a time a beautiful princess named Cinderella decided to make a fancy ball party for all the prince's around the whole kingdom. Her fairy god mother agreed. Her fairy god mother made a machine which could see the prince's personality. Is it good or bad? If it turns out very bad, they get sent back to their own kingdom. The fairy god mother made a lot of hard work to set up the party and pretty. Cinderella asked her very hardworking servants to cook yummy food and her fairy God mother made their amazing decorations and beautiful pretty Cinderella. Said to her royal guards to go to every kingdom and say there is going to be a prince test who ever wins gets a huge reward which is now a huge surprise. If you really want to enter. Come tomorrow at midnight at 8:00 one handsome boy wanted to enter and he did and of course beautiful pretty Cinderella was kind and she let him and it was time for Cinderella to say that every prince was allowed to enjoy. One of the prince said of course I will win and it was time for the test. All of the handsome princes have failed and one of them said that an ordinary boy will fail. He went in the magical machine and he turned out to be a very good person and the prize is that he gets to marry Cinderella and they both were happy and the boy said to be kind and be honest and true hearted person and you are a very good person. The END

By Khushreet

The Golden Classroom

Once upon a time, there were normal children who wanted to be superstars when they grew up. When they sleep, their superhero toys were very special to them. Everywhere they went, did they take their toys?

15 years later, they were grown up and they were superheroes but working in the same school. The children they were working with did not know that James and Kai were superheroes. The prince came and said that this school should be closed. James and Kai were frantic! Duh! Duh! Duh!

Another person came along and said, "Can I be prince?" The Prince said, "Yes!" The new prince said, "This school will not be closing and James and Kai, you should tell the children who you really are." "We are superheroes!"

They lived happily ever after.

History learning!

Ancient Greek Mythology A retelling of 'The Odyssey'

The Odyssey by Homer translated by Emily Wilson.
This fresh translation captures the beauty of this ancient poem as well as the drama. A powerful enchantress is well known for her part in the odyssey.

THE GREAT FIRE OF LONDON

The Great Fire of London happened in 1666. It started on the 2nd of September and ended on the 6th of September 1666.

I enjoyed this topic because when the rich people gave food to the poor people, it made me feel happy.

The most exciting part of learning about this history was when the fire stopped.

By Larrisa

When the baker (Thomas) was asleep and the fire broke out because the oven was open.

Queen Victoria

Queen Victoria was born in London and her birth day was on 24 May 1819. Sadly she died on 22 January 1901. She was the only daughter of Edward Duke of Kent fourth son of George III. She has ruled for 63 years and 7 months and she became queen when she was 18. Did you know her first name was not Victoria. She knew so many languages like French, Italian, Latin, German, Hindi, Urdu. She wrote in her diary about I am learning a few words in Hindi so I can speak to my servants. In the lead up to her 17th birthday party the queen she was a princess then she met her first cousin Prince Albert of Saxo-Coburg and Gotha and four years later she proposed to Prince Albert and Queen Victoria got married. Queen Victoria restored the reputation of the monarchy tarnished by extravagance of her royal uncles. She also shaped a new role for the Royal family, reconnecting it with the public through civic duties.

Pandora's Box

Long, long ago, people didn't have fire (unlike today). The Gods kept it all to themselves. One day, Prometheus had stolen the fire from Zeus - the king of all Gods - which made him very furious. As a punishment, he decided to send Pandora, the first woman.

In order to make her, Hephaestus had sculpted her from clay while Aphrodite gave her femininity and Hermes taught her to be both deceitful, stubborn and curious.

Zeus had given her a small box but told her strictly not to open it. Eventually, curiosity got the better of her and she opened the box. Out from it came: sadness, despair and misery. Before she realised what had happened, it was too late...

Once Zeus came over they realised that there was one more left. They thought, "What's the point? We've already released the rest." With that thought in their minds, they decided to open it and instead of sadness, despair and misery came hope.

Pandora and Zeus may have released sadness, despair and misery but they also released hope.

Welcome to Year 5 and 6!

What I want to be

When I grow up, I want to be an army man because I want to serve my country and protect it from whichever threats come to it. I really like the uniform as well because it is colourful and it is fun.

I have many aspirations and dreams for various jobs but I have made a short list of things that I want to do!

1-Engineer

An engineer is someone who, I have always wanted to be. This is as engineers build new structures to help people get to places faster and more efficiently. This is as I do not want people to struggle with tasks such as: crossing rivers, climbing mountains etc. As well as that becoming an engineer involves maths (which is a subject I greatly enjoy).

2- Doctor

A doctor is a future job for me as they help many people. This attracts me as when I help people I feel proud and independent. Seeing people thrive is also one of the things that make me feel good - especially if I helped them get to that level. If I would become a doctor I would want to help as many people as I can.

3- Police-man

Justice is one of the best feelings ever a police officer achieves that goal day-to-day. This job also involves protecting and helping others. Becoming a police officer is a long and gruelling time but it is a challenge and challenges are very enjoyable to me.

Spring Is In The Air!!!

Spring is in the air,
You can feel it everywhere,
The flowers bloom,
And there's more mushrooms,
There is even leaves on the trees there.

The grass begins to grow,
As the snow begins to go,
Blossoms are seen,
And the grass is green,
While the wind begins to blow.

Kids begin to play,
While it's burning during midday,
There is lots of ice cream,
While the many cars gleam,
In the spring sun today.

Eco-Schools

ECO WARRIORS

Eco-Schools

This has been an exciting term for the Eco Warriors! We have started our wonderful gardening club on Tuesday lunch times, which will be open to all classes starting, next term.

The committee members have selected Eco assistants from their classes to help them make sure that they are turning the lights and boards off in class when they are not needed. This is one of our key points in our action plan - to reduce energy. Our planters (which are located near the MUGA) have been filled with plants and flowers, which have been growing wonderfully. In addition, we have been looking at how our school uses energy. The Eco reps have been doing metre readings to track how much energy we are using every week.

We are going to be completing a battery hunt next term! Bring in any unused batteries to school! There will be boxes with your class names on for you to put the batteries into.

For your holiday homework this term, we have asked all children to come write a poem about being Eco-friendly. This can be an acrostic poem where you use the letters of our school name to start each line.

Find those words!
