

### London Air Ambulance

London Air Ambulance visited Cranford Primary School. We were told that they always check the helicopters to make sure they are safe to fly. They always have a second helicopter to use in case one has broken down. If they do not have either helicopter or cannot fly due to weather, they use emergency Air Ambulance cars in order to get there quickly. They always have a pilot, co-pilot, 2 paramedics and a doctor when they are attending an accident.

### Right of the Term!

#### Year 4 voted for this half term's article!

We voted for this article because we think it is important for children to be protected from bad things.

By Micah

### Article 36:

Children should be protected from any activities that could harm their development.

### The Naughty Wizard

Once upon a time, there lived a cheeky, impolite wizard who didn't like any small, ordinary children because he thought they were really annoying.

As soon as he saw one, whoosh they were gone! He sent the loud children to an unknown, mysterious realm that was completely dull. If only it was a light, bright dimension they would of gotten out. Every parent was panicking badly because they did not know where their precious adorable children were.

The wizard felt like an evil wicked genius. He said, "The world's full of fear!" Suddenly, a secret super spy was astonished because he saw him vanish a lonely, petrified child. The wizard thought, "Oh...oh no!" As fast as lightening, he rapidly ran into a great tiny hiding spot. He was shivering in fear. Do you know what the wizard can do? Immediately, a heard of children came and saw the awful wizard.

The end.

- Interviews with Miss Lawrence!
- Christmas Stories!
- Autumn 2 Learning!

**Interview with Miss Lawrence!**

**Why did you choose to be a teacher at this school?**

I loved the school environment.

**Which classes have you taught?**

Ruby Class

**What is your favourite colour?**

White and Gold

**What do you like about Cranford Primary School?**

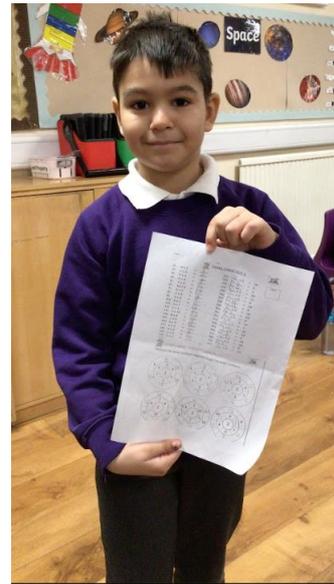

Students are fantastic. Lovely to work along the staff here.

**By Alisha**

It is my favourite piece of work because I used fronted adverbials and ENP's to make my writing better.

**By Chrisele**

I like this work because my handwriting is neat and I worked really hard on this work.

**By Andrei**

Tuesday 9th September

We are learning about what makes a healthy balanced diet.

Did I meet the L1?

yes  partially  no

Reflect and review:

Vocab:  
 Carbohydrate - bread, pasta, rice  
 Fruit and Vegetables  
 Protein - eggs, meat, beans  
 Dairy - milk, cheese, yoghurt  
 Fats - oil and butter  
 Foods high in fat and sugar - cakes and chocolate

Use your knowledge of the Eatwell Guide to plan a healthy meal that includes all of the 5 different food groups. Use the checklist to help you plan.

Fruit and Vegetables  
 Carbohydrate  
 Protein  
 Dairy  
 Fats

# Early Years!

## Nursery!

Nursery have been exploring different areas of learning this half term!

# Our Autumn 2 Activities!

## Road Safety

In Year 4, we went on a road safety trip to show children how to cross roads safely. Year 4 learnt about all different ways to keep safe while crossing the road. We also learnt about all the different types of crossing such as zebra crossing, pelican crossing and many more. We learnt not only how to cross roads but also to stay safe on the paths. Year 4 classes were divided into 3 groups and they each went with one of the teachers to help them stay safer while crossing roads. We also learnt about four things to keep safe, which are stop, look, listen and think. This is not a normal trip, it is a trip where you learn and have fun while staying safe.

By Alisha

## School Fayre

When I went to the school fayre, I did trampolining outside. As well as this, I went a ride where I sat in a car with my brother. After this, I had some food and drink. I had a coke and some delicious snacks from the kitchen. In the playground. I was able to play with my friends and then I even went to see Santa who gave me a present! It was a harmonica! I had a lot of fun at the fayre.

## All about the Diwali Assembly!

### son Class Diwali Assembly!

The diwali assembly was delightful and fun. I enjoyed dancing with my classmates and other people. Further more, I was having fun listening and watching the plays. The hindi song that we all sang was my favourite song because it made everyone happy. The play was so good because all of the actresses and actors were speaking clear and loudly. Also I really liked when the year 4's and parents watched the diwali assembly because I could see everyone and it made me happy. Our headteacher and deputy <sup>headteacher</sup> were ~~allowed~~ to see our diwali assembly. Mr Chan and Mrs Khabra after the diwali assembly we were allowed to take pictures and see our parents. This was the best **DIWALI ASSEMBLY EVER!!!** It was a delight!

# Christmas Stories!

## The Girl and the Snowman!

Once upon a time, there was a girl called violet. She was always bored because she was an only child. She always played alone and pretended there were people playing with her. Days went slowly and it was a week before Christmas and 2 weeks off from school!

Her mum told her to go to park and make friends. So Violet went to the park. Astonishingly, some people didn't know a snowman called Max. He was lonely and also went to the empty park. That is where Violet went. She saw the snowman and made friends. Violet and Max played. Max told Violet the story of Christmas. Soon, they became friends. Violet and Max had fun decorating her house so she showed him to her mum who said he could stay. On Christmas eve, they had decorated the house. The next day, it was Christmas and they saw a lot of presents! First, they had pancakes for breakfast, opened all their presents and played. At the end, they were all happy. The end.

By Preet

## The magical knitted bow

Once upon a time, in a far-a-land lived a little girl called Twinkle. Twinkle lived with her grandmother who was very frail and old. She was an orphan and the only person she had was her grandmother. Despite being poor, she was a very cheerful little girl who found joy in the tiniest things in life and always helped other despite her struggles. However one day her grandmother was very sick and was bed-ridden. Little Twinkle did not know how to help her grandmother and was feeling very helpless. She started crying very bitterly asking for help from god, that's when there were sudden bright strings of light spinning in the air and there was a fairy that appeared with beautiful long hair which glowed very bright. The fairy comforted Twinkle and asked her not to worry, she said she admired Twinkle's zest for life and how she is always happy and helping those in need despite all the struggles in her life. Twinkle was dumbstruck seeing all this unfold in front of her eyes, she rubbed her eyes rapidly thinking it's all her imagination but the fairy was still smiling at her ever so lovingly. The fairy cut a few strands of her hair and knitted them into a beautiful bow that glowed just like the fairy hair. The fairy said to little "my child," just place this bow in your grandmother's hair and let it be there over night, the magic from this bow will take away all the sickness from your grandmother's body and replenish her health

and she will be healthy again, but make sure to keep this a secret! Twinkle jumped in joy and hugged the fairy and she disappeared into thin air! After sunset, Twinkle did as instructed by the fairy and by next morning her grandmother was up and moving around the house like nothing happened to her. Twinkle was elated with joy and silently mouthed a thank you to the fairy and lived happily ever after with her grandmother.
