

February Holidays TOP 10 Learning projects

Dear Parents and Children,

Well done for your efforts this half term. It is project time for the Half Term Holidays! For the half term break, we have collated 10 projects you can choose to complete in any order. If you finish all 10 during the half term, continue practising writing your name, numbers and letters, use the BBC website and phonics songs on youtube. Don't forget to read your books on Bug club

Please upload any photos to Dojo.

Project time!

Project 1	<p>Make some Valentine's Day food. You could make heart shaped biscuits or cut hearts out of melon. You could use strawberries and raspberries to make a heart. Can you write the ingredients and write some instructions on how to make your valentines treat?</p> 
Project 2	<p>Can you create an obstacle course in your home? Use different furniture and challenge yourself to complete the course. Who can complete the course the quickest? Can you beat your own time?</p>
Project 3	<p>Play a board game with your family.</p> 
Project 4	<p>Keep a weather diary, each day draw what the weather is like, you could even write how the weather makes you feel</p> 
Project 5	<p>Play 'I spy with my little eye something beginning with the Phoneme....' You can play this game as a family</p>
Project 6	<p>Create a Family Portrait, who is in your family? How many family members are there altogether?</p>

Project 7	<p>Eco Challenge:</p> <p>Can you go for a walk and collect as many natural objects as you can. Using the different materials, make a picture. You can take a photo and upload it to Dojo or stick the materials down and bring your completed art work to school.</p>				
Project 8	<p>Using your phonics flash cards can you make some words? Read the words to your family. Remember to say each sound and then blend the sounds together.</p> <table border="1"><tr><td>s</td><td>o</td><td>n</td><td>g</td></tr></table> <p>Write a list of the words you make.</p>	s	o	n	g
s	o	n	g		
Project 9	<p>Can you plant your own beanstalk?</p> <p>Materials: Dried beans, glass jar, cotton balls and water.</p> <p>Wet a large handful of cotton balls and place them in the glass jar.</p> <ul style="list-style-type: none">• The cotton should be wet, but not dripping and no water should pool in the glass.• Wedge dried beans between the cotton balls and the sides of the jar.• Use at least 2 beans so that if there is something wrong with one of them, the other will grow.• Make predictions about what will happen and observe your beans twice a day. Keep a record of drawing or writing some words describing what is happening.• Add a few drops of water to the cotton balls each day to keep them moist.• You should start to see changes after just a single day!				
Project 10	<p>Can you find different ways to make 6, 7 and 8?</p> <p>For example: - To find 8</p> <p>You could have two plates and share 8 food items between the two plates, How many do you have on each plate? Is there another way you could share them? (4 on one plate and 4 on another, or 3 on one plate and 5 on the other)</p> <p>Don't forget to record the different ways you find. (write/photo on Dojo)</p> <p>Instead of food you could try using your toys or other items in the house such as teddies, blocks, socks, cars, bottle lids.</p>
