## Nerys Pearce!

On Wednesday 16<sup>th</sup> March 2023, Commonwealth and Invictus Games athlete Nerys Pearce visited our school. During her visit, she told us all about her amazing adventures that she had been through such as: climbing a mountain and working as a medic in the military helping to save the lives of injured people. On the day, we participated in a range of exercises with Nerys Pearce so we could raise money for our school. It was an excellent day!

By Year 5

## Right of the Term!

### Lilac Class voted for this half term's article!

Article 14 is important because every child has the right to their own religions and if other people stop them, and tell them they have to follow another religion, the world would all be the same.

By Romeesa

## Article 14:

Every child has the right to think and believe what they want and to practise their religion, as long as they are not stopping other people from enjoying their rights.

## Football Quiz!

Who won the 2022 Super Ballon d'Or?

Which African-Arab country made it to 4<sup>th</sup> place in the World Cup?

Which team are known as the 'Red Devils'?

Which team is named Albion? Hint: It has a dove

Which league does Cristiano Ronaldo play in?

Which league does Lionel Messi play in?

How old is Ibrahimović?

How old is Harry Kane?

Which team does Mason Mount play for?

Which country won the 2018 World Cup?

By Lukasz

## In this issue:

- What is on in Early Years?
- Interview with Seņora Andrei!
- All about our athlete: Nerys Pearce
- Quiz time!

## **Interview with Señora Andrei!**

**What is the most complicated word you know in Spanish?**  
zahanoria

**What are your favourite Spanish traditions?**

I like most of the festivals  
but I think the favourite one is Las Fallas.

**What is the language that you speak the most?**

At home, we speak a combination of English, Romanian and Albanian, but I would say I speak mostly English.

**How many languages do you speak?**

I can speak 6 languages. Romanian, Spanish, Italian, English Albanian and French

**Is Spanish your favourite subject?**

Yes Spanish is my favourite.

**What inspired you to become a Spanish teacher?**

I really like the Spanish language. I really like languages but my favourite is Spanish. So then I thought why not teach it.

**What are your favourite foods in Spain?**

Calamari Fritti.

**What is your experience in teaching?**

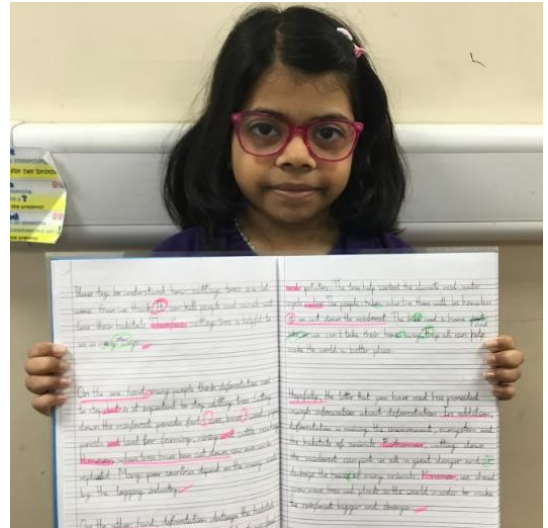

I have been teaching for 7 years now.

**Have you ever been to Spain?**

Yes, loads of times.

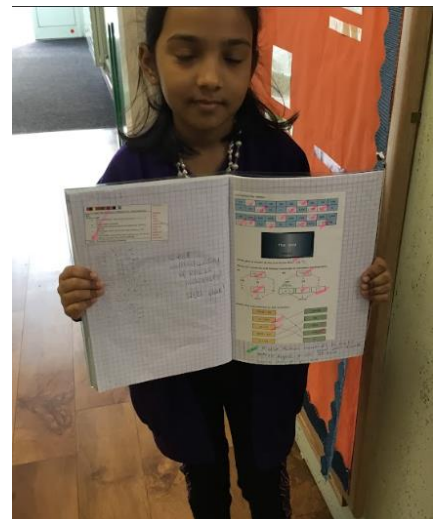

**What is your favourite thing to do?**

Yoga. That is why I bring the chime to class.

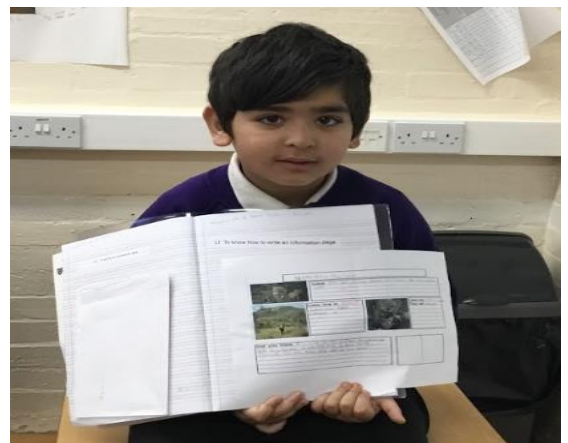

I like this work because it is my Big Write on deforestation and I am proud of this work. I also really enjoy learning about this topic.

**By Adriella**

It was fun learning about Roman Numerals!

**By Hooriya**

It is my favourite piece of work because we had to convert between cm, m and km.

**By Aahil**

# Spring School Trips!

## Year 5 – Wetlands Centre

Today was one of the most thrilling experiences of my entire life! As we proceed further into this, I will inform you about the events that took place on this remarkable day.

To begin with, we began our journey on a coach (which took 45 minutes). When we were half way through our adventure, there was a variety of astonishing activities for us to do such as: tic tac toe, drawing and cards. After what seemed like an eternity, we arrived at the exquisite Wetlands Centre.

Upon arrival, a shower or precipitation and clouds guarded the sky but we were still able to see some adorable otters, who had mahogany-coloured, velvety fur. Surprisingly, the miniature otters were as quick as a flash but unfortunately, they only have a limited amount of time in the wild due to being hunted for their fur. Their names were Harry and John. Despite being such a petite size, they were able to devour all of the food that they were provided with.

As we went to the vast grassland, we spotted some bizarre cows that were striding across the lush, emerald grassland. After a long time of exploring, we decided to take a lunch break as we needed a rest after so much exploring.

As soon as we completed our lunch, there was an expert in pond dipping who explained to us the necessities of animal survival. When we were ready, they gave us fishing nets to catch all the unique, peculiar creatures hidden within the pond. I was shocked to see all of the creatures that we discovered.

After a long day, it was time to leave. Everyone was heart-broken after hearing that we had to leave. Inside the bus, there was many exhausted children!

## Year 4 – Northala Fields

On Monday 20<sup>th</sup> March and Tuesday 21<sup>st</sup> March, all the children in Year 4 went on a school trip to Northala Fields, Northolt. This trip was for us to label human and physical features in the settlement. Throughout the trip, we spotted many features and even another school! This trip was about Geography and was an amazing experience for everyone who went.

Did you know the four hills are human features?

Later on, we went to climb the hill. We went to see if there were any settlements there. The grass was a human feature. At lunch, we sat next to the crystal, clear, blue lake where the ducks swam. After a while, we went to the park. Everything there were human features.

# Nerys Pearce

(fact file)

By Jade

## backstory

Nerys Pearce was on her motorbike when a car reversed over her very slowly by accident leaving her paralysed from the chest down. Initially Nerys found her disability extremely tough to deal with but she said that thought about it and realised that she could either be sad for the rest of her life or she could look back at her old life and aim to get it back. Nerys then threw herself back into sport and has since clocked up an impressive list of athletic achievements!

## awards

Nerys had won Swimming races, world records medals and many more!

## advice

she had given some advice on what we should do when we feel down 'always push yourself' and 'be better tomorrow than you are today.'

## Throught the day!

Isabella

In the morning, we did some exercises such as:

- \* Spotty dogs
- \* press ups
- \* mountain climbers
- \* star jumps

These activities were really fun but at the same time very tiring.

After lunch we had an assembly with Nerys. She told us all about her life. I found it very interesting. At last she taught us 2 very difficult things (really it wasn't difficult). First she taught us to stand up quietly and second thing she taught us to march.

## SPONSERSHIPS!

For our sponsorship we had to collect money and send it to our council.

£5.00

## Nerys Pearce

mona

Thursday 16th March is when Nerys Pearce VISITED.

When Nerys Pearce came she told us few facts about herself which were:

Who was the most important Role Model?  
HER MOTHER.

What was her Moto?

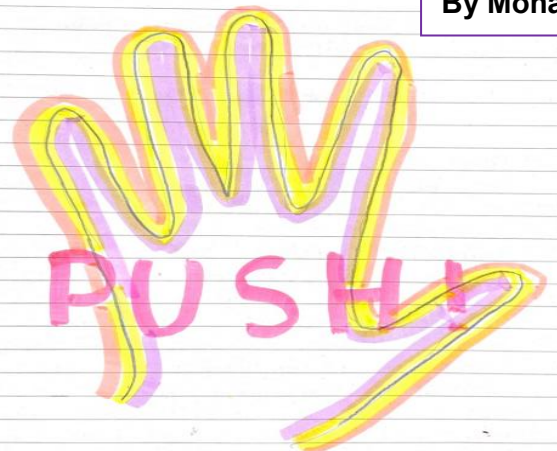

Be better tomorrow than today

Who would she like to meet?

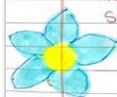

Amelia Earhart, the pioneering American aviator.

During Nerys Pearce visit she had told us all about her amazing adventure she had been through such as: she climbed ~~the~~ mountain, worked as a medic for the military and helped injured people across the country until she had got injured. Her injury was caused by car crash whilst she was on her motorbike going to her family. The injury made her not able to feel or move anything below her waist, which made her said although one of her freinds came with a wheel chair and said 'Nerys don't be sad you still can do sports.' Nerys inspired many people to never give up, success come after many failed attempts.

By Mona

Nerys Pearce never had given up on her dreams and goals and thats why she had succeeded in her life eventhough she was paralysed.

# Fire Safety!

## FIRE SAFETY!!

By Zunaira

### Fire Safety rules:

- 1) always have a smoke alarm
- 2) Always touch the door handle with the back of your palm.
- 3) Call 999 (fire station)
- 4) Stay crouched
- 5) go outside and wait.

### Fire man visit

Firemen save peoples lives in a fire. They have special tools that can break through any thing. There are Fire Stations all over the world. In every Fire Station there is a fire brigade. On each fire brigade there are things to help them. They use a ladder and hose these things are a necessity to all fire men. On a fire brigade the word fire is upside down the reason for that is in the rear view it turn it the right way to make the word fire.

The emergency number is 999

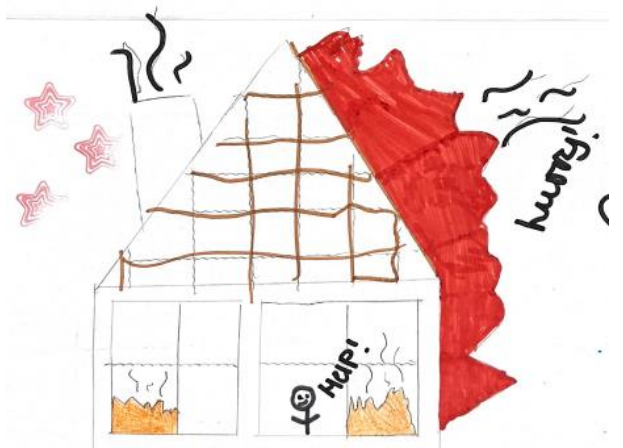

## Fire Safety

By Layla

### Safety Rules!

- 1) always have a smoke alarm!
- 2) touch the door handle with back of hand.
- 3) call 999 (fire service)
- 4) go outside.

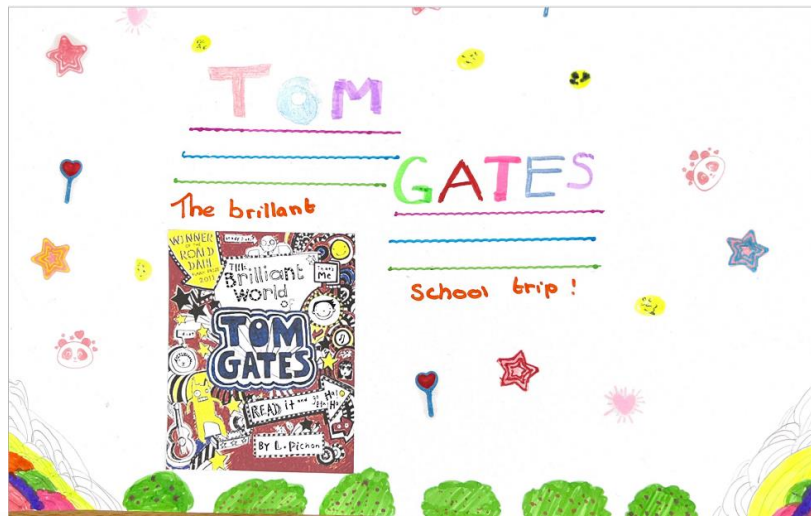

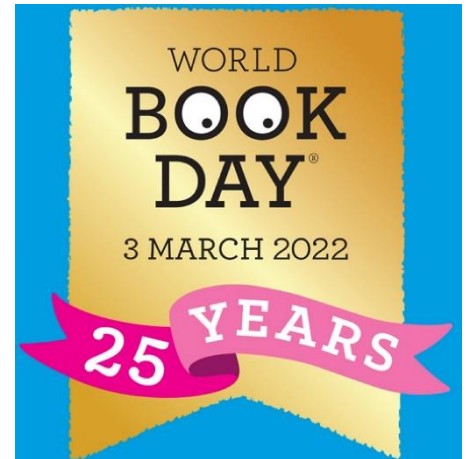

Fire!  
who left the stove on

# THE GRUFFALO

I like the Gruffalo because it is glax and I like its brown, soft fur. It has sharp claws and purple, pointy fleckles. He has orange eyes and a black tongue and nobby knees.

By Rajveer

By Sonia

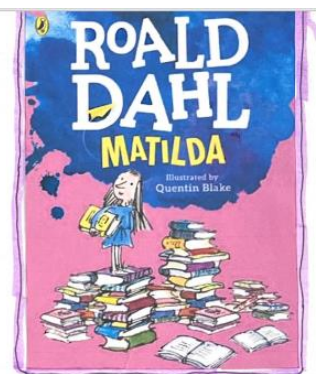

There's A Yeti In The Playground

A Yeti is my favorite character because he is huge and he is scary. He has furry texture like a dog fur.

# Time capsule!

(newspaper editor Y6Saffron) made by Jade.

## Back of the box...

At the back of the box, there is not much description but in the box there is plenty of things I want to put in there. The back of the box is basically cardboard, to be honest.

## Front of the box...

As you saw from the paragraph before, the box is made of cardboard. The grey lines are the tape that I am going to put on the front, to make sure nothing comes out of the box. Look below to see what I am going to put in the box and why I'm going to do this.

## What are you putting in the box?

To be honest, in the box I want to put:

- my phone • tea cup.
- money • stationery

## Why do you want to put these in the box?

I want to put my phone in there to compare it to the modern day phones. Money, because I want to see that maybe the colours and person has changed. A tea cup so that it could be an antique from the past. Finally, stationery. I want to put this in it to see if they would look better or all dusty and bumpy.
