

Dear Parents and Children,

It is project time for the Summer Holidays!

For the holidays, we have collated 10 projects you can choose to complete in any order. You also have a diary sheet for each week of the holiday for you to write about your weeks during the summer. As well as this, please continue practising your times tables; learning your spellings; use the BBC website and Bug Club.

You can use this link to practise your times tables as this is what we will be doing every morning in Year 4!

Remember to take care and look after yourselves.

From your teachers 😊

<b>Project 1 All About You!</b>	<b>All About You!</b> Create a project all about yourself! You can make a poster, write a story, create a factfile or anything else you would like! You can also create your project based on something you like rather than about yourself if you prefer. For example, if you like dinosaurs, your project could be about them!
<b>Project 2 Well-being</b>	<b>Well-being</b> Go for a walk outside during your summer holiday with your family.
<b>Project 3 Writing</b>	<b>Story</b> Write a story about anything you like! You can choose any genre, any characters and any settings. Remember to include: Figurative language, fronted adverbials, direct speech.
<b>Project 4 Topic</b>	<b>Romans</b> Create a 3D model of a Roman shield!
<b>Project 5 Maths</b>	<b>Maths Games</b> Create a Maths related board game. It could be based on Snakes and Ladders, Monopoly or any other game that you like.
<b>Project 6 DT</b>	<b>Buzzers</b> Design your own doorbell for your home!
<b>Project 7 Reading</b>	<b>Storyboard</b> Read a book that you like and draw a storyboard explaining what happens. You can use just pictures or add a brief sentence explaining what happens in each part.  You could fold a piece of paper in half and then half again to create different sections for your storyboard.
<b>Project 8 Computing</b>	<b>Online Safety</b> Create an informational poster on how to search the web (internet) safely.
<b>Project 9 PE</b>	<b>Yoga</b> Create a yoga sequence and share it with your family.
<b>Project 10 Science</b>	<b>Electricity</b> Create a fact file all about electricity!
